

HOXTON GARDEN Pupil Premium Report

Principles

- We ensure that teaching and learning opportunities meet the needs of all of the pupils
- We ensure that appropriate provision is made for pupils who belong to vulnerable groups, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed
- We are committed to reducing class sizes wherever possible thus improving opportunities for personalised learning and accelerating progress for all pupils and in particular vulnerable pupils.
- In making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged
- We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals. We reserve the right to allocate the Pupil Premium funding to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged.
- Pupil premium funding will be allocated following a needs analysis which will identify priority classes, groups or individuals. Limited funding and resources means that not all children receiving free school meals will be in receipt of pupil premium interventions at one time
- All our work through the pupil premium will be aimed at accelerating progress moving children to at least age related expectations.
- Pupil premium resources may also be used to target able children receiving PPG to achieve end of year expectations in particular with end of Phase testing in KS1 and KS2
- The Governors of the school will publish information on how they have used their Pupil Premium Grant to address the issue of 'narrowing the gap', for socially disadvantaged pupils.

Barriers Faced by Our Pupils

- Many disadvantaged pupils at our school start their education at a lower level of achievement in Reading, Writing, Mathematics and oracy than other pupils. They have had less exposure to a wide vocabulary and less experience of number and familiarity with reading.
- Many of our disadvantaged pupils begin school with limited exposure to formal spoken English, having spoken a language other than English at home during their formative years.
- Due to a lower exposure to a wide vocabulary at home many of our pupils in receipt of PPG find reading comprehension challenging and perform less well than their peers.
- Many of our disadvantaged pupils live in cramped, busy households which limits their access to materials and experiences supportive of educational success. This affects pupil confidence and knowledge of the key basic skills such as times tables.
- Some of the parents of our disadvantaged pupils lack the confidence to support their children with learning at home.
- Some of our pupils in receipt of the Pupil Premium Grant have low self-confidence and difficulty in regulating their emotions which acts as a barrier to their educational success.
- Some of our most able disadvantaged pupils do not have aspirational home backgrounds.

Deployment

PPG is used to part fund key interventions for vulnerable children and priority is given to children eligible for PPG. Provision for our Looked After Pupils is subject to specific scrutiny and review as our most vulnerable group.

HOXTON GARDEN Impact Statement 2015-16

- Disadvantaged KS2 pupils' progress in all subjects was significantly above average overall and not significantly below average for any prior attainment group. Disadvantaged KS2 pupils had an average scaled score equal to or above the national score for other pupils in mathematics in 2016. The percentage of most able disadvantaged pupils achieving a high standard in Reading, Writing & Mathematics was in line with that of other pupils nationally.
- For KS1 disadvantaged pupils, attainment of greater depth in all subjects for all EYFS development groups was close to or above national figures for other pupils. within one pupil below national in 2016.
- Children eligible for PPG made good progress across the school (Year End 2016 data set)
- Children receiving small group intervention make better than expected progress in literacy and maths (in school SEN data and KS2 pupil outcomes)
- Lunch time Reading Eggs and Mathletics clubs for PPG pupils demonstrate good or better end of year outcomes
- 44 families of children eligible for PPG benefiting from advice and support from additional workshops and interventions organised by the Parent Links Co-ordinator and Learning Mentor, resulting in better engagement with school. This is demonstrated by increased attendance to coffee mornings and school events.
- A reduction in the number of persistently absent pupils and an increase in the attendance of PPG pupils (attendance data)
- Increased confidence and self-awareness of children attending horse-riding (see evaluation)
- 50 PPG children received therapeutic support from Side Be Side.
